Felicity's mother warned her to never go up the mountain because it was too dangerous.

But when a work event is scheduled there, she decides to go, anyway. What's the worst that could happen? Only, her mother wasn't telling her everything. She falls through to Fae and finds out she's the Night Witch, a powerful magic user. Now she has to figure out how to use her abilities, dodge unwanted marriage proposals, and try and survive the assassins someone is sending after her!
