Based on the popular paper gaming system Starfleet Battles, the real-time strategy game from Interplay set in the classic Star Trek universe is sure to please hardcore gamers and Trekkies alike.

Written with the support of the development team, the official Sybex guide to Starfleet Command provides winning strategies for every scenario, valuable insights into the game's mechanics, and intriguing background material for Trek fans. This book makes the difference between "Live long and prosper" and "He's dead, Jim".
