An unlikely cast of characters will take you on an adventure into the world and music of George Frideric Handel. Rock a Note Farm, on Harmony Lane, will never be the same now that Randy the Raccoon is there to stay. His stories about the magical woods that surround the farm piqued the animals' interest to explore. After Farmer Heather tucks everyone in each night the adventures start. Randy leads his new friends through the magical woods that border the farm, back in time to England, where George Frideric Handel lived. Randy didn't realize how dangerous it would be for him to go back in time. Fireworks and a mistaken identity are all part of the suspense in the Randy the Raccoon and His Musical Friends book. This story will come alive with the colorful, character narration found on the free audio download found at www.kidzjumpjammjive.com. Sound effects, animal voices and music by Handel enhance the listening experience. At the end of the story there is a page of fun facts about Handel that can be used to expand the story. On the author's website you will find a free on plan, coloring pages and a craft idea.
