It all started the day Jordan found Lance's love letters.

He hadn't been planning to snoop while Lance was in the shower, in fact he'd been preparing to do the opposite. Jordan has an inappropriate attraction to his best friend Lance, a crush which won't ever come to light for fear of ruining their friendship. But that all changes the day Jordan finds Lance's stash of hidden letters, letters confessing his feelings. Each one addressed to Jordan.
