London's most eligible guy-finally snared? Who can forget gorgeous adventurer Daniel Bradford? Especially after this commitment-phobe's on-air rejection of his girlfriend's marriage proposal sparked a scandal! But some people love a challenge. With Daniel suddenly back on the market, all of London's single ladies are on the lookout.

Yet he's shown no inclination to get caught by anyone...until now. So just who is special enough to catch his attention? Our sources reveal she's strong-willed blonde bombshell Chloe Michaels, orchid specialist and Daniel's new colleague. And rumor has it that with this tough cookie, London's very own Indiana Jones is in for the-romantic-adventure of a lifetime!
