Rayburn Park includes: *Livy*, *Rogues of Rayburn Park*, and *Young Bucks of Rayburn Park* in a complete set of three novels, in one boxed set. All are regency historical romances from 1816 through 1822, taking place in London, Newmarket, and the countryside of Suffolk and Essex, England.

These books sparkle with witty conversations and heartbreaking romances, as they follow one family and their friends, through six years of unexpected twists and turns, in their search for true love and happiness.

*Livy*, Lady Rayburn, is an artist who has sketched and dreamed of marrying her childhood sweetheart for eleven years. Now on her twenty first birthday, *Livy* overhears Lord Nathan tell her brother Sam that he will never offer for her. Driven by hurt and compassion, *Livy* goes into the park and meets another gentleman, the handsome Earl of Essex who needs a wife immediately, that day, and she says yes to his marriage proposal. This begins the story of Lady *Livy* Winston, her marriage to a rogue, and her growth as a woman intermixing with the saga of Rayburn Park, a thoroughbred racing park, and its four owners, all dashing, unmarried lords. *Rogues of Rayburn Park*, the second in the series, resumes the saga of *Livy*'s friends and family. Presented in four parts, the romances of Lord Jack Alcott, Lord Daniel Hathaway, and Lord William Russell begin. *Young Bucks of Rayburn Park*, is book three, the conclusion to the series. Lord Howard and Lord Cummins return, traveling back into trouble as two new, strong female characters, Adeline and Charlotte Russell, join their family at Rayburn Park. Impressive and handsome military gentlemen visit, their presence changing everyone's plans. Daniel Hathaway's brother Anthony joins the story, following his mad passion for a lady. All the lords and ladies of the first two books, now residing at Rayburn Park, continue their stories and add

depth, wit, drama, and a duel challenge. Lord William and Lady Jane Russell's relationship takes a drastic turn. Anne surprises Daniel, and Livy's twins make another appearance.
