Treat yourself and your skin with these luxurious, natural oils. This new book, Beauty Oils and Butters joins the others in the Cozy series, presenting 30 sensuous delights to pamper yourself with from tip to toe. Sophisticated scents and aromatic herbs are blended with essential oils to create toning facial oils, relaxing bath time treats and stimulating foot treatments. There's something to suit every mood and to soothe every ailment. With easy-to-follow instructions you'll have just as much fun making these oils and butters as you will testing them out. Create unique products designed exactly to suit your skin type and personal preference. With a directory of essential oils and alternative blend suggestions, a directory of oils and butters and their skin enhancing benefits, as well as a directory of herbs and their uses, you're fully equipped to try your hand at aromatherapy.
