The beds aren't the only thing she'll be stripping ... Lexie works as a maid at a five-star hotel, and she needs every penny of her income.

So when handsome guest Mr. Malena requests favors that are definitely not on the room service menu, Lexie can't believe how tempted she is — and how much she enjoys guaranteeing his satisfaction. But the game is up when her boss finds out. Is Lexie about to lose her job ... or is she in for an even bigger shock?
