If you've always thought that books were delicious... The 20/20 Books and Food Series is the series that dessert lovers and book clubs have been looking for, but didn't know it.

This book series brings together twenty thought-provoking book club questions and twenty recipes in the same book. Each book in the series is really two books in one. The first part of the book gives you popular Christmas season recipes. The second part of the book gives you questions to make any book club party or cookie exchange all the more lively. This special Christmas season book gives you questions for Hansel and Gretel, The Hunger Games, and Les Miserables, and includes a full copy of the fairy tale, Hansel and Gretel.

Additionally, these are no ordinary conversation starters. While most book club questions lists feature subjects like theme and plot -- (although you'll get those, too, with this series) -- none specifically highlight the role that food plays in novels. The topic of food provides a thematic bind between each book featured in

this cookbook/ book club guide -- books that your club might have never thought of reading together, but once you do, you'll wonder how you could have missed the connection between them. And at least one of the three stories featured in this installment of the 20/20 series provides inspiration for the decadent dessert recipes found in this cookbook. Food. Books. Friends. No doubt about it. The 20/20 Books and Food Series is the best collection of questions and recipes designed to help your club cook up interesting and memorable book club conversations and decadent food.
