We live in a toxic world full of chemicals. This book will show you how you can make changes in 4 big areas of your life to live healthier and without chemicals: personal care items, household cleaning products, food, and your home. The changes are simple and inexpensive to make and you will learn why you need to make changes and easy, straightforward steps to take. No expensive substitutions needed. Live chemical free on a budget. You will learn just how easy (and cheap) it can be. Learn how to make chemical free household cleaning products, makeup, lotion, sunscreen, and much more.
