Inheriting an estate which has been passed down from generation to generation, Adele Boelen couldn't shake the overwhelming feeling her life was about to change. On a whim, after leaving the estate attorney's office, she and her boyfriend, Clay, venture out to Fairwinds Manor and soon find themselves at odds with each other. Adele is drawn to a mysterious entity, her own body betraying her at the very sound of his voice. "I am yours." The way he touches her leaves her craving more and soon, the mere thought of leaving sends her into a panic. "You are mine." Lines will be drawn as what lies in the manor takes control, growing stronger with each passing second. "Forever." But there's more to him than meets the eye. Deception, passion, and rage explode, tearing apart the once happy couple. Adele belongs to the manor now and what lies inside. And he won't be letting her go that easily.
