Camille Pissarro was a key figure in the history of Impressionism, being the only artist to show his work in all eight Impressionist exhibitions, remaining dedicated to the movement's artistic beliefs. His paintings combine a fascination of rural subject matter with the empirical study of nature under different conditions of light and atmosphere, offering delicate studies of light and colour. A supportive mentor to influential artists such as Cézanne and Gauguin, Pissarro was described by many as the 'Father of the Impressionists'. Delphi's Masters of Art Series presents the world's first digital e-Art books, allowing readers to explore the works of great artists in comprehensive detail.
