It started as a game... At Ellison High School the student body's favorite sport is waging medieval warfare with their rivals over a hidden fortune. To win, they have to battle for control of the forest and obey a code of conduct to keep their war from spilling into the outside world.

The woods between the schools are filled with dangers and dark secrets. Central among them is Venn Maddox, the youngest student to ever lead a clan in the game. Brilliant and manipulative, some think he's a sociopath who may have killed to protect his own secrets. New kid, Marv Whitlock, already dealing with his own troubles, finds himself in the middle of the decade old conflict and has to use his wits to avoid being one more pawn. Bestselling author Andrew Mayne, brings you Knight School, an adventurous cross of Friday Night Lights and Game of Thrones.
