The Queen only knights someone who has done an act of bravery. What did Sir Pigglesworth do to earn that honor? Why did Queen Alexandra commission Sir Pigglesworth to be her emissary to the world? Why does he always wear goggles and a white scarf? What is his ancestry...where does his family come from? You will learn all the answers in Sir Pigglesworth's Adventures in Pigionia.

The story begins long, long ago...in 1802 when his great-great-great-great grandfather, the Grand Duke of Pigglesworth, was sent by the King to Pigionia, an island 3000 miles from London. After establishing a thriving colony on Pigionia, the Grand Duke left to move to New York. All of the pigs on Pigionia lived peacefully for the next 200 years...this is where our story really begins. Children will be delighted by this story that has pirates, mud monsters, turtle hopping on the beach and many more exciting adventures!
