Effie Myers comes back to her home town, and women like her—big beautiful women with full curves—are disappearing. Terrified, Effie heads to the bar and runs into the boy next door, except he's not a boy anymore. He's Abel Bjornson, a rugged cop rippling with muscles, and though Effie doesn't know it, he's a bear shifter. And he's just found his mate. Effie wants nothing more than to fall into those big arms and wide chest, and—after a few dates—go much, much further than that. Abel wants to explore every inch of Effie's luscious curves, but with Effie in danger, he has to focus: he's on the case of the disappearing women, and it looks like Effie is next on their list. Abel was always there for Effie when she was the girl next door, and now that he knows she's his mate, he'll have to use all of his police training and grizzly strength to keep her safe. \*This is a stand-alone novella with a happy ending and no cliff hanger. There is scorching and wild sex, so be warned!\*
