A puckish play on the standard coloring book to expand, not contract the creative side in all. Just a blank page can be too intimidating for most. This book does not dwarf the imagination with supposed to be green trees or yellow chickens. Color in our out of the lines. Turn it upside down! Every eye approaches the same page differently. Eyes go back to the same page and see something new again each time. Bender's art and font make this a totally unique gift for any occasion, or try one for yourself!
