Autumn Rain always knew she was just one gymnastics move in the bedroom away from a man becoming putty in her hands, and so therefore...let the games begin! And that's exactly what sex and love have been for the self-proclaimed single girl—a competition; which often times, the raunchier the better—and how well she plays too! Marriage is fine... for those friends of hers who have either vowed for it or are vying for it, but this starry eyed dreamer has her sights set on something that no version of the American Dream which she could ever fathom could replace; that is, until a tall, chocolate, and gorgeous distant memory unexpectedly and in a rare fashion causes her to revisit the idea of love. And what happens when the man she's secretly been loving can't tell her he's in love with her, and the one she's always wanted to love does, will begin a journey beyond the scope of even her vivid and fanciful imagination.
