Moonlight & Magic isn't your average club. Proudly marketed as a paranormal club, it boasts demon waiters and shifters as dancers, but none of these are as exotic as twins Daelas and Jaren, the club's incubi owners. Part Fae, Sage is looking for a demon. Not just any demon though, she wants a sex demon.

She's in for a disappointment, easily seeing through the glamour cast over the mainly mortal waiters. Then Daelas makes an appearance and decides, as soon as he lays eyes on her, that she is his. However, the twins share everything, even their women. If one demon lover blows her mind, how is Sage going to cope with both?
