The reader, assuming the role of a wizard or warrior, must rescue the king's ward from the Cavern of the Phantoms where she was taken by her kidnapper.

As the wizard you will take with you the Book of Spells. You will be master of all it's mysterious magic. As the warrior, you will take the Book of Weapons. Its complete arsenal is yours to use with your legendary skill. Magic or sword? Whichever you choose, play the game wisely, and the glorious legend of the Wizard and the Warrior will live on.
